A CHILMARK RESEARCH INSIGHT REPORT

# ABOUT CHILMARK RESEARCH

---

Chilmark Research is a global research and advisory firm whose sole focus is the market for healthcare IT solutions. This focus allows us to provide our clients with the most in-depth and accurate research on the critical technology and adoption trends occurring throughout the healthcare sector. Areas of current research focus include, among others: Payer-Provider Convergence, Clinician Network Management (HIE 2.0), Analytics (with a focus on applications in population health), Care Management, Patient Relationship Management, Population Health Management, Payment Model Transformation, Cloud-computing, and Remote Monitoring/Telehealth.

Using a pragmatic, evidence-based research methodology with a strong emphasis on primary research, Chilmark Research structures its research reports to serve the needs of technology end users & adopters (HCOs), consultants, investors, and technology vendors. In addition to reports for the general market, Chilmark Research performs research for clients based on their specific needs. Such research has included competitive analyses, market opportunity assessments, strategic assessment of market and vendors for partnership and/or acquisition.

In 2012, Chilmark Research launched its premium subscription service, the Chilmark Advisory Service (CAS). The CAS was created in direct response to clients' request for a continuous feed of research on the most pertinent trends in the adoption and use of healthcare IT. This is an annual subscription that provides not only access to a number of research reports throughout the year, but also direct access to Chilmark Research analysts to answer specific client needs. Please contact us directly for further information about CAS.

Chilmark Research is proud of the clients it has had the pleasure to serve including Abbott Labs, Aetna/Healthagen, Anthem BlueCross BlueShield, Catholic Healthcare East, Cerner, HCA, Health Catalyst, Highmark, IBM Watson Health, Kaiser-Permanente, McKesson, McKinsey, Microsoft, Philips Healthcare, and many more. It is our hope that at some future date we will have the pleasure to serve you more directly as well.
